

Do You Have a 3-5 Year-Old Child?

- Participate with your child in a research study that involves the administration of a fun, interactive, play-based developmental screener.
- This research is being conducted to study how this play-based measure works in children 3-5 years old.
- The visit will be about 30 minutes long.
- Your child will receive a gift bag with age-appropriate toys for participation. Parking vouchers will be provided when needed.
