

Excellence in Mentorship of UnderRepresented Groups (EMURG) for Health Equity Leaders Fellowship Program

Who We Are

The Excellence in Mentorship of UnderRepresented Groups (EMURG) for Health Equity Leaders Fellowship Program supports federal public health careers and professional development to address health disparities. The 12-month full-time fellowship program is funded by the U.S. Department of Health and Human Services' Office of Minority Health. Each EMURG fellow is placed with an agency of the U.S. Department of Health and Human Services.

Eligibility

- Enrolled in a master's or doctoral degree program, or in receipt of a master's or doctoral degree within 12 calendar months of the EMURG Fellowship orientation (last week in May)
- 3.0 GPA or higher on a 4.0 scale
- Commitment to reducing health disparities
- Interest in leadership career in the federal government
- Able to commit to the length of the program (full-time/40 hours per week)

Benefits

- Academic foundation in political and social determinants of health
- Experience working in the federal government
- Multilevel culturally congruent mentorship
- Stipend based on federal rates for academic level
- Paid housing and transportation expenses
- Sponsorship to attend public health conference

Application must be submitted by January 31.

For general Kennedy Krieger Institute information, visit KennedyKrieger.org or call **888-554-2080**.

Kennedy Krieger Institute recognizes and respects the rights of employees, trainees, and patients and students, and their families. At Kennedy Krieger, we ground our care, services, training and research in treating others with respect and civility. We respect the cultural identity of every person. Kennedy Krieger does not discriminate against people based on, but not limited to, perceived or actual race, color, culture, ethnicity, national origin, age, language spoken, accent, marital status, veteran or military status, immigration status, socioeconomic status (i.e., access to resources), physical or mental disability, religion, pregnancy status, sex, sexual orientation, or gender identity or expression. We strive for equitable care for all individuals for whom we provide services, training, education and research participation. We encourage employees, trainees, and patients and students, and their families, to become active partners in the services provided by asking questions, seeking resources and advocating for their needs. Our culture of care is extended to our patients, the patients' family members and other persons served. Here, "family" refers to parents, other family members, guardians, surrogate decision-makers and healthcare agents. © 2022 Kennedy Krieger Institute 10/2022
